GREETINGS . . . .

FOR 1936

To all my friends and customers of former years and to those whom it may be my pleasure to serve in 1936 my best wishes for a happy and prosperous year to come.

The past season was one of the best and longest growing seasons I have had for years. I started to plant April 1st and the dahlias were not all hit by frost until December 1st, making the finest lot of tubers I have ever grown.

The growing interest of dahlia fanciers in the miniature and pompon types is becoming more marked each year. Many new varieties of these small dahlias in show, cactus, single and decorative types are introduced each season. These small dahlias not only make a fine showing in the garden, as they bloom very profusely but are also excellent for cut flowers. I will have a fine display of these as well as hundreds of the larger varieties in my gardens this coming summer. I hope to welcome many visitors there this season as in the past.

Very truly yours,

Dr. Shirley Smith Shattuck

MY INTRODUCTIONS FOR 1936

DARKTOWN

S. C. A black crimson on a good, long stem. Very shaggy. Size of blooms 7-8 inches. A good keeper with fine foliage. This is the best cactus of its color to date.
Tubers $10.00 Plants $5.00

WHITE CLOUD

F. D. A clean, clear, perfect white on a good, stiff stem. Blooms are 8-10 inches. This is one of the best keepers, does not rust or burn in the sun, a fault most whites have,
Tubers $10.00 Plants $5.00

MY INTRODUCTIONS OF PAST YEARS

ALEPPO. F. D. A dahlia of good depth and size, color a pure glistening, picric yellow with fine petals. Beautiful formation and long, stiff stems. Tubers $3.00 Plants $1.50
ANGELA MIA. F. D. One of the most popular dahlias in my garden because it has more depth than most whites. The flower is like a large ball on a stiff stem. Very free bloomer with the best of foliage..... Tubers $2.00 Plants $1.00
INDIAN RED. F. D. A striking flower of bronze red with old gold reverse. Profuse bloomer on a good stem. ..... Tubers $1.00 Plants $.50

POM PON DAHLIAS

The flowers are small and ball shaped, perfectly double to the center and are usually made up of many small, quilled petals.

The demand for pompon dahlias has greatly increased in recent years and they are now almost indispensable for table decorations. They may be had in almost all colors, bloom very freely and continuously, and keep better after cutting than the larger varieties. My collection of these has been carefully selected and all but the choicest varieties discarded.
